

KUMKUM CHAKRABARTY

ASPIRING WEB DEVELOPER

+91-9777654748 | kumkumsonu2020@gmail.com | [LinkedIn](#) | <https://github.com/kumkum-sonu> | Cuttack, IN

Career Objective:

Motivated and creative web developer in the making, with strong skills in HTML, CSS, Java, JavaScript, SQL, C, and C++. Passionate about building clean, responsive websites and fun user experiences. Completed projects like Netflix Clone, Amazon Clone, Diamond & Circular Animations, and games like TIC TAC TOE and Target Game. Currently pursuing MCA to level up my tech stack and development skills. Looking to contribute to a dynamic organization by delivering innovative and efficient web solutions while continuously learning and evolving in the field.

Projects:

• Front-end:

- Netflix Clone:** A responsive front-end clone of Netflix built using HTML, CSS, and JavaScript, featuring a modern UI with movie thumbnails, hover effects, and a navigation bar.
- Amazon Clone:** A front-end replica of Amazon's homepage using HTML, CSS, and JavaScript, showcasing product sections, a navigation bar, and a responsive layout for an e-commerce feel.
- Diamond Animation:** A visually engaging diamond-shaped animation created using HTML and CSS, demonstrating creative use of keyframes and transform properties for smooth motion effects.
- Circular Animation:** A smooth circular animation built with HTML and CSS, using keyframes and transform properties to create rotating or pulsating visual effects.
- Coffee Starbucks:** A stylish front-end website inspired by Starbucks, built with HTML, CSS, and JavaScript, featuring a modern coffee shop layout, product sections, and smooth UI interactions.

• Full-Stack:

- Tic-Tac-Toe:** Tic-Tac-Toe Fun Game is a full-stack webpage that allows users to play the classic game in real time. It features an interactive front-end and game logic.
- Target Game:** Target Game is an interactive web-based game where players aim and shoot arrows to hit a bullseye, testing precision and timing.
- Calculator:** A responsive web-based calculator featuring sleek 3D shadow effects for a modern and visually engaging user experience.
- Rock Paper Scissors Game:** A fun and interactive web-based Rock Paper Scissors game where users compete against the computer with real-time score tracking and smooth UI animations.
